

【Application Process and rules for Refrigerator Placement in Dorm Room】

1. Qualification:
 - (1) Students currently living in dormitories.
 - (2) Applications are accepted on a per-room basis and individual applications will not be accepted.
 - (3) Only one refrigerator can be placed in each room.
2. Specification: The maximum capacity allowed is 100 liters. (No refrigerator is provided)
3. Fee: The fee for one semester is 400NTD (or for one academic year is 800NTD). The fee is charged per semester and is not divided into monthly installments. Once approved and paid, it is non-refundable.
4. Application process: Fill out the application form → Go to the Division of Student Housing office to get the **payment** → Pay at a convenience store→ Return to the office with the **receipt** to confirm and get the **payment certification**
5. Other rules :
 - (1) After the application has been approved, please stick the **payment certification** to the refrigerator. Use a separate power outlet or an extension cord with an automatic overload protection device. Do not use multi-outlet sockets without protective devices to avoid potential hazards.
 - (2) If there is a room change, bring the payment certification to the office for an update.
 - (3) Residents are required to check out of the dormitory and take all personal belongings (including the refrigerator) with them by the deadline announced at the end of the semester. Violators will be punished in accordance with the Dorm Rules, Article 7, paragraph B.
6. Notice: All roommates must agree and sign the application before applying for setting. After the application is completed, if any roommate raises an objection, it can only be withdrawn with the consent of all roommates in the same dormitory, and no refund will be made.
