# A. 單人房/套房 Single room/Suite

## Step 6. 亂數方式說明 Introduction of Random Drawing

- Step 1 依申請選項分別進行亂數抽籤，取得各選項之亂數序號1~N
  - Step 2 由申請選項開放的總床數決定此選項多少序號內的同學有住宿權  
(無住宿權的同學，此序號為該選項的候補順位序號，並適用至當年8月31日止)
    - 無住宿權同學候補以1人為主，南大校區3人組將依填寫資料順序依序候補。
    - 不同選項之序號不適用於其他選項，例如：選擇明、平齋者將直接安排至明、平齋，不會安排至清齋，候補序號亦同。
  - Step 3 取得住宿權者，將考量目前住宿情形做為床位安排之參考
- 
- Step 1 Students who apply for different options receive a random number 1~N separately.
  - Step 2 Students with serial number within the amount of available beds for each option will have the residence right.  
(Students without residence right will be waited-list with the serial number for each option which is valid up to August 31<sup>st</sup> this year.)
    - The arrangement of waiting list for students without residence right is based on 1 person. 3-persons group for Nanda Campus will be wait-lisited in order.
    - The serial number for each option does not apply to another one. For example, if you choose "Ming、Ping", you will arrange to Dorm Ming or Ping and will not arrange to Dorm Tsing. The waiting list is the same.
  - Step 3 The bed arrangement for students with residence right will refer to the current residence.

In principle, applications for dormitory are made annually on an academic year basis (based on the academic calendar). Separate applications are required for the summer term. For accommodation periods, fees, refunds, and related regulations, please refer to "Dorm Rules for NTHU".

NTHU will maintain civil, water, electricity, gas, and other related facilities. If there is maintenance, engineering work, or unforeseen factors preventing the supply of water, electricity, gas, or causing damage to personal belongings, NTHU bears no responsibility for compensation.

Students using personal equipment not provided by NTHU are responsible for its safekeeping and security. Prior approval through the "Application Form for Refrigerator Placement in Dorm Room" is required for placing refrigerators in dormitory rooms.

Due to factors such as infectious diseases, natural disasters, or human disasters beyond control, NTHU may consider the health or safety of students and may adjust the dormitory building, beds, or terminate the contracts.

The dormitory deposit will be refunded to the resident's bank account registered in the Academic Information System after the semester ends. If the refund cannot be made because the student has not registered his/her account or has registered incorrectly, a check will be issued by the University and sent back to the student's permanent address by registered mail if the student has a registered address in Taiwan. If the student does not have a permanent address in Taiwan, he/she will be notified of the refund. However, if the refund still cannot be made after all, the refund amount will be temporarily transferred to the specific account of the University.

## I live in twin room / room now and get the single room / suite for next semester. How can I apply for summer accommodation ?

- ◆ For summer accommodation :
  - 1. If you want to live in original twin room / room, you can choose “Hope to Keep the Original Room”.
  - 2. If you want to live in single room / suite, you can choose “Hope to Live in the Non-Original Room” and contact the person in charge of dormitory .
- ◆ Summer accommodation takes the current accommodation as a reference for the bed arrangement. If the student who live in a single room/suite currently has applied for summer accommodation and is arranged in the original bed, students who are drawn to the single room/suite next semester cannot live in this bed during the summer.

## 境外生是否可以跟本地生一組登記？

- ◆ 因境外生有優先住宿資格，無法一起登記。
- ◆ 若仍想住一起：
  - 1. 分開登記，若有抽到宿舍且在同一齋舍，再依齋長安排床位方式辦理（根據亂數結果及安排方式，不保證能在同齋舍、同寢室）。
  - 2. 境外生可到住宿組辦理放棄優先住宿資格，將失去優先住宿資格（候補時亦將失去優先住宿資格），再一起登記宿舍，但床位不足時不一定抽得到宿舍。

## Can overseas and local students apply for accommodation together ?

- ◆ Overseas students have priority in housing, so they can't apply for accommodation with local students.
- ◆ If you still want to live together :
  - 1. You can apply for accommodation separately. If both you are assigned to the same dormitory, you may contact with the dormitory head resident to arrange the bed. But according to the random result and allocation, there is no guarantee that you can live in a dormitory or room together.
  - 2. Overseas students can give up priority (waiting list will also lose the priority) and apply for accommodation together with local students, but there is no guarantee whether you will get accommodation if there are not enough beds.
